

Rocket League Find Gamer/Game Play Instructions

Step 1: Click “X” on the controller to “INVITE PLAYERS”

Step 2: Click the “A” button on the controller to “INVITE” selected players. **If you are adding a PC or PS4 player, click “RB” to view your ROCKETID friends that you must add to invite (view pg. 3)**

Step 3: When all players have accepted your invite, their gamer tags will show up at the bottom where it says “PRESS TO JOIN”

Step 4: Once all players have joined, click “PRIVATE MATCH”

Step 5: Click on “CREATE PRIVATE MATCH”

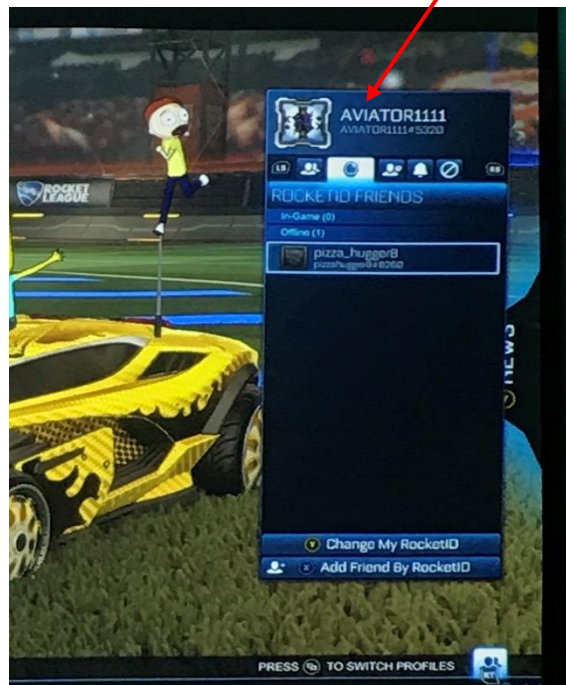

Step 6: Make sure the rules are set to league standard and click “CREATE MATCH” at the bottom. Next you will simply join either the blue or orange team, make sure you are on the same team as your teammate.

HOW TO ADD PEOPLE TO YOUR ROCKET LEAGUE FRIENDS LIST FROM DIFFERENT PLATFORMS (HOW TO ADD A PS4 PLAYER OR A PC PLAYER IF YOU HAVE AN XBOX)

Step 1: Click “RT” on your controller for this side menu to pop up, click “RB” on your controller after to see “ROCKET ID FRIENDS”. Click “X” on the controller to “ADD FRIEND BY ROCKETID” (you will need to look on website or message them for their ID). **Your rocket ID is your gametag followed by a few numbers**

Step 2: Simply type in their ROCKETID and click enter to add them
