

Xbox NBA 2K20 Find Gamer/Game Play Instructions

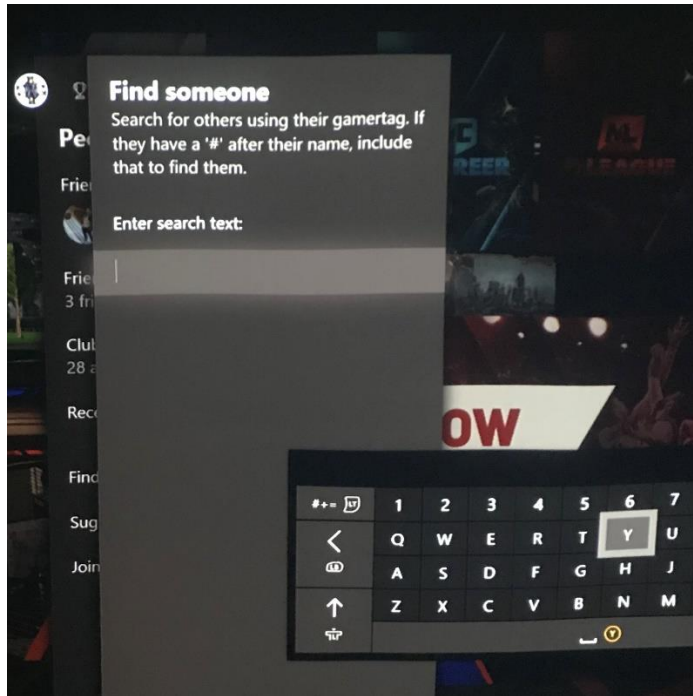

Step 1: Click on the center Xbox icon on your controller. Scroll left to the highlighted area.

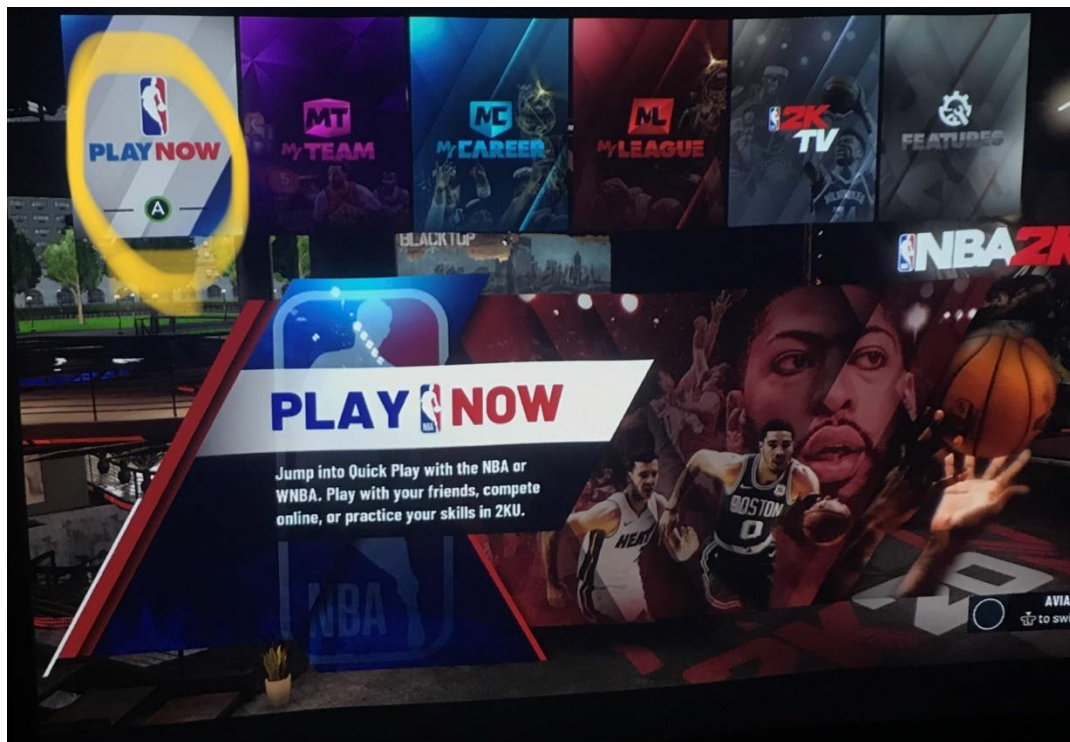

Step 2: Scroll down to “Find someone” and click on it.

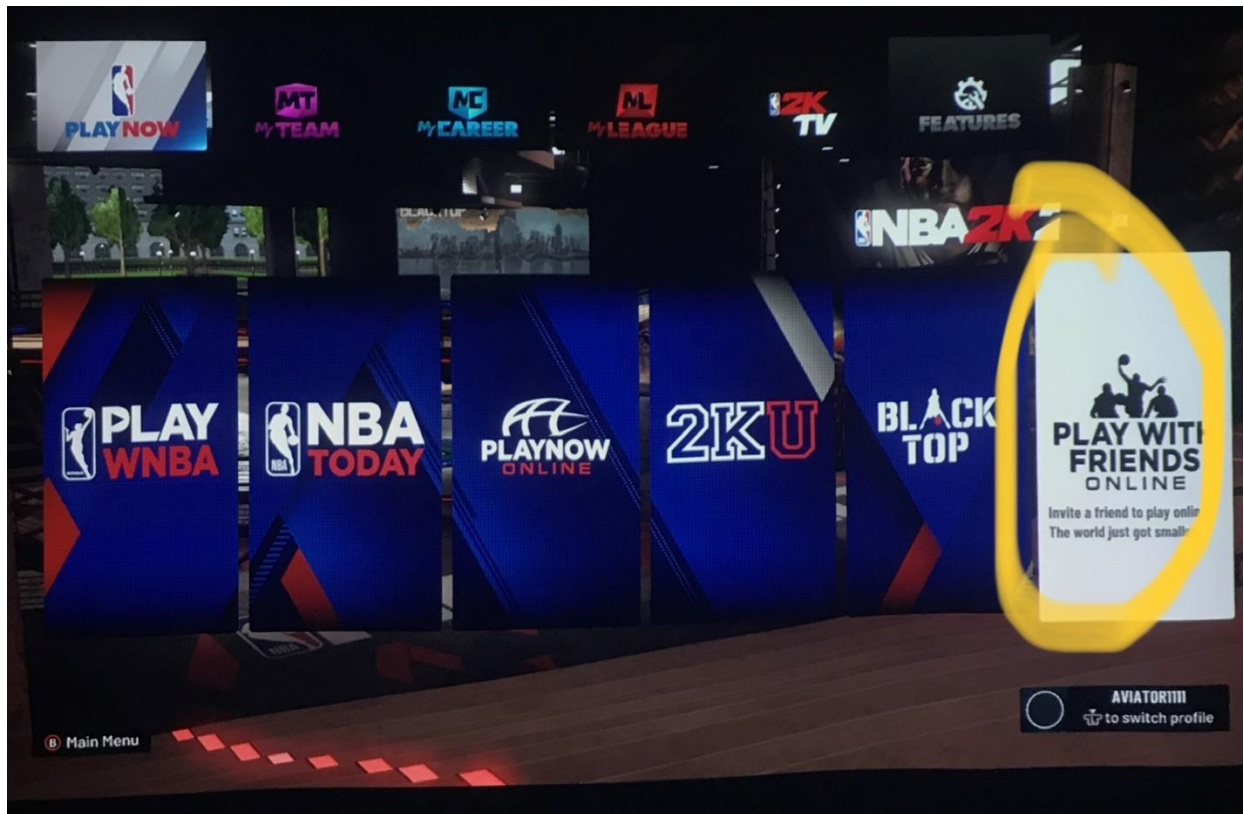

Step 3: Enter your opponent's gamer tag/ID, click enter, click on their gamer tag and scroll down and click on "Add Friend". They will now be on your friends list.

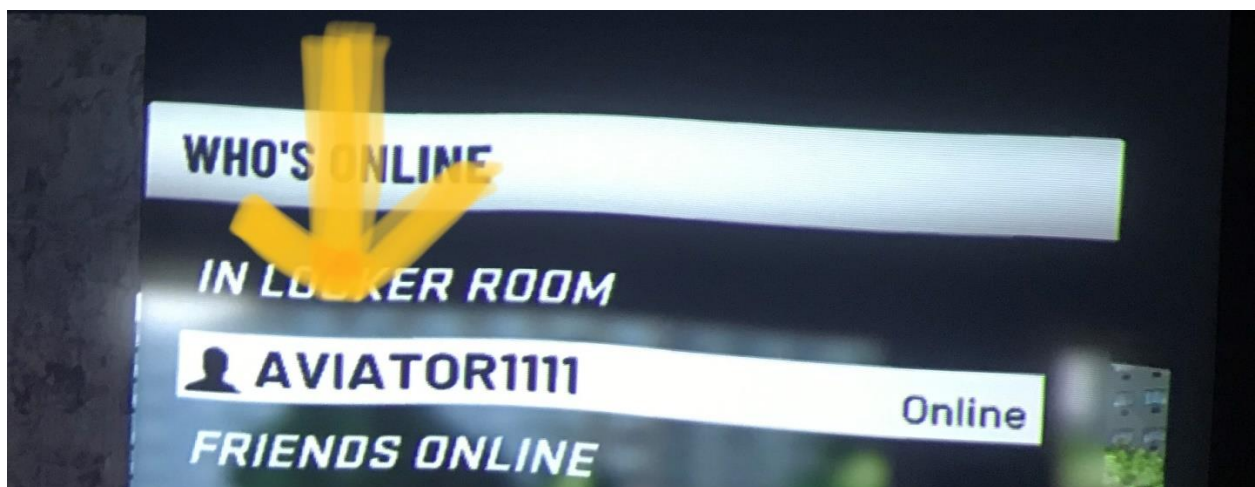

Step 4: On game day, open NBA 2K 2020 and click on "Play Now"

Step 5: Click on “Play With Friends Online”

Step 6: On the right side of the screen you will see which of your friends are online. You can click on the friend/opponent that you are supposed to play. (or you can invite them by clicking the home button, while in the “locker room”, and going to your friends list and inviting them by clicking on their profile and clicking “invite to game”)

Step 7: After you have clicked on the opponent's gamer tag, click "invite to locker room" they will receive the invite to play and after you connect, set game settings per the rules and play your game.
